Keep your past papers in a folder to use at the start of your course. I think 2 of each science papers: biology, chemistry and physics would be a good target. Topics from GCSE science to revise for the start of the BTEC Applied Science course would include: The structure of cells. What is an organelle?

An ideal reference guide to introducing the IB Diploma in your school.

This Revision Guide has been specifically written for externally assessed Unit 1: Principles of Science in Award 1 of the Level 2 BTEC Firsts in Applied Science. The guide is organised by the assessment structure of the qualification and gives students guidance on the external assessment.

The second edition of this popular student textbook presents an up-to-date and comprehensive introduction to the process and practice of teaching and learning science in the secondary school.

In a single volume, the new edition of this guide gives comprehensive coverage of the developments within the fast-changing field of professional, academic and vocational qualifications.;Fully indexed, it provides details on all university awards and over 200 career fields,

their professional and accrediting bodies, levels of membership and qualifications, and is a one-stop guide for careers advisors, students and parents. It should also enable human resource managers to verify the qualifications of potential employees.

This extensively revised 4th edition of an established physics text offers coverage of the recent developments at A/AS-Level, with each topic explained in straightforward terms, starting at an appropriate Level (7/8) of the National Curriculum

Most of use understand the benefits of getting a good education. Not only can it open doors to university and better job prospects, but can help to broaden an individual's outlook on life. For some people, however, getting the right qualifications can be a real challenge, especially if they aren't in mainstream education. It's no wonder then that an increasing number of people are turning to distance learning, or home education, as their preferred way of passing exams. This book focuses on GCSEs and A-Levels: the main school-leaving qualifications that are universally recognised in the UK. It explains the main features of the qualifications, how to study them, and how to take the exams involved. This book is intended to be used as a guide for prospective students who might want to undertake this form of learning, but have some difficulty in working out where to start.

This Revision Workbook delivers hassle-free hands-on practice for the externally assessed units.
