Ca Stephen King - test.enableps.com

Stephen King is known as a great horror novel writer, but he is so much more than that. His characters are so very well developed and so believable. Reading "It" brought me back to my own childhood, the first "crushes", the adventures, the fears, the friendships. "It" is all of that.

Enfants, dans leur petite ville de Derry, Ben, Eddie, Richie et la petite bande du "Club des ratés", comme ils se désignaient, ont été confrontés à l'horreur absolue : ça, cette chose épouvantable, tapie dans les égouts et capable de déchiqueter vif un garçonnet de six ans... Vingt-sept ans plus tard, l'appel de l'un d'entre eux les réunit sur les lieux de leur enfance. Car l'horreur, de nouveau, se déchâîne, comme si elle devait de façon cyclique et récurrente frapper la petite cité. Entre le passé et le présent, l'enfance et l'âge adulte, l'oubli des terreurs et leur insoutenable retour, l'auteur de *Sac d'os* nous convie à un fascinant voyage vers le Mal, avec une de ses œuvres les plus amples et les plus fortes. [Source : 4e de couv.]

It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the

author. It reappears in many of his books, including *Bag of Bones*, *Hearts in Atlantis*, and *11/22/63*. But it all starts with *It*. “ Stephen King ’ s most mature work ” (St. Petersburg Times), “ It will overwhelm you...to be read in a well-lit room only ” (Los Angeles Times).

Tout avait commenc é juste avant les vacances d' é t é quand le petit Browsers avait grav é ses initiales au couteau sur le ventre de son copain Ben Hascom. Tout s' é tait termin é deux mois plus tard dans les é gouts par la poursuite infernale d'une cr é ature é trange, incarnation m ê me du mal. Mais aujourd'hui tout recommence. Les enfants terroris é s sont devenus des adultes. Le pr é sent retrouve le pass é , le destin reprend ses droits, l'horreur ressurgit. Chacun retrouvera dans ce roman à la construction saisissante ses propres souvenirs, ses angoisses et ses terreurs d'enfant, la peur de grandir dans un monde de violence.

It began -- and ended -- in 1958 when seven children searched in the drains beneath Derry for an evil creature, but in 1985, Mike, once one of those children, makes six phone calls and disinters an unremembered promise that sets off the ultimate terror.

Stephen King -- who has written more than fifty books, dozens of number one New York Times bestsellers, and many unforgettable movies -- delivers an astonishing collection of short stories, his first since *Everything's Eventual* six years ago. As guest editor of the bestselling *Best American Short Stories 2007*, King spent over a year reading hundreds of stories. His renewed passion for the form is evident on every page of *Just After Sunset*. The stories in this collection have appeared in *The New Yorker*, *Playboy*, *McSweeney's*, *The Paris Review*, *Esquire*, and other publications. Who but Stephen King would turn a Port-O-San into a slimy birth canal, or a roadside honky-tonk into a place for endless love? A book salesman with a grievance might pick up a mute hitchhiker, not knowing the silent man in the passenger seat listens altogether too well. Or an exercise routine on a stationary bicycle, begun to reduce bad cholesterol, might take its rider on a captivating -- and then terrifying -- journey. Set on a remote key in Florida, "The Gingerbread Girl" is a riveting tale featuring a young woman as vulnerable -- and resourceful -- as Audrey Hepburn's character in *Wait Until Dark*. In "Ayana," a blind girl works a miracle with a kiss and the touch of her hand. For King, the line between the living and the dead is often blurry, and the seams that hold our reality intact might tear apart at any moment. In one of the longer stories here, "N.," which recently broke new ground when it was adapted as a graphic digital entertainment, a psychiatric patient's irrational thinking might create an apocalyptic threat in the Maine countryside...or keep the world from falling victim to it. *Just After Sunset*-- call it dusk, call it twilight, it's a time when human intercourse takes on an unnatural cast, when nothing is quite as it appears, when the imagination begins to reach for shadows as they dissipate to darkness and living daylight can be scared right out of you. It's the perfect time for Stephen King.

The chilling novella featured in Stephen King ’ s New York Times bestselling collection *Full Dark, No Stars*, 1922 is about a man who succumbs to the violence within—setting in motion a grisly train of murder and madness. Wilfred James owns eighty acres of farmland in Nebraska that have been in his family for generations. His wife, Arlette, owns an adjoining one hundred acres. She wants to sell her land but if she does, Wilfred will be forced to sell as well. James will do anything to hold onto his farm, and he'll get his son to go along. Betrayal, murder, madness, rats, 1922 is a breathtaking exploration into the dark side of human nature from the great American storyteller Stephen King.

SUPERANNO Stephen King first wrote about the Dark Man in college after he envisioned a faceless man in cowboy boots and jeans and a denim jacket

forever walking the roads. Later this dark man would come to be known around the world as one of King's greatest villains, Randall Flagg, but at the time King only had simple questions on his mind: Where was this man going? What had he seen and done? What terrible things?

"The four never-before-published novellas in this collection represent horror master King at his finest, using the weird and uncanny to riff on mortality, the price of creativity, and the unpredictable consequences of material attachments. A teenager discovers that a dead friend's cell phone, which was buried with the body, still communicates from beyond the grave ... A series of apocalyptic incidents [bears] out one character's claim that 'when a man or a woman dies, a whole world falls to ruin.' 'Rat' sees a frustrated writer strike a Faustian bargain to complete his novel, and in the title story, private investigator Holly Gibney ... faces off against a ghoulish television newscaster who vampirically feeds off the anguish he provokes in his audience by covering horrific tragedies"--Publishers Weekly (03/09/2020)

There is something unearthly and mysterious deep in Ackerman's Field in rural Maine. There is a Stonehenge-like arrangement of seven stones with a horrifying EYE in the center. And whatever dwells there in that strange, windswept setting may have brought about the suicide of one man...and harbor death for the OCD afflicted "N.", whose visits to the field have passed beyond compulsion into the realm of obsession. Based on the chilling short story from the recent Stephen King collection, JUST AFTER SUNSET, this adaptation will provide nightmares aplenty. Just keep counting the stones...keep counting...counting... COLLECTING: Stephen King's N. #1-4
