Chavs: The Demonization of the Working Class is a non-fiction work by the British writer and political commentator Owen Jones, first published in 2011. It discusses stereotypes of sections of the British working class (and the working class as a whole) and use of the pejorative term chav. The book received attention in domestic and international media, including selection by critic Dwight Garner of The New York Times as one of his top 10 non-fiction books of 2011 in the paper's Holiday Gift ...

Chavs: The Demonization of the Working Class - The ...

Chavs is an entertaining read mixing contemporary social and political issues with anecdotal, popular examples that are often humorous enough to appeal to a popular and non-academic audience. The punches of the book are landed in the early stages and the remainder serves to substantiate its arguments and observations.

Chavs. : In modern Britain, the working class has become an object of fear and ridicule. From Little Britain 's Vicky Pollard to the demonization of Jade Goody, media and politicians alike dismiss as feckless, criminalized and ignorant a vast, underprivileged swathe of society whose members have become stereotyped by one, hate-filled word: chavs. In this acclaimed investigation, Owen Jones explores how the working class has gone from "salt of the earth" to "scum of the earth."

In modern Britain, the working class has become an object of fear and ridicule. From Little Britain's Vicky Pollard to the demonization of Jade Goody, media and politicians alike dismiss as feckless, criminalized and ignorant a vast, underprivileged swathe of society whose members have become stereotyped by one, hate-filled word: chavs. In this acclaimed investigation, Owen Jones explores how the working class has gone from "salt of the earth" to "scum of the earth." Exposing the ignorance and prejudice at the heart of the chav caricature, he portrays a far more complex reality. The chav stereotype, he argues, is used by governments as a convenient figleaf to avoid genuine engagement with social and economic problems and to justify widening inequality. Based on a wealth of original research, Chavs is a damning indictment of the media and political establishment and an illuminating, disturbing portrait of inequality and class hatred in modern Britain. This updated edition includes a new chapter exploring the causes and consequences of the UK riots in the summer of 2011.

In modern Britain, the working class has become an object of fear and ridicule. From Little Britain's Vicky Pollard to the demonization of Jade Goody, media and politicians alike dismiss as feckless, criminalized and ignorant a vast, underprivileged swathe of society whose members have become stereotyped by one, hate-filled word: chavs. In this acclaimed investigation, Owen Jones explores how the working class has gone from "salt of the earth" to "scum of the earth." Exposing the ignorance and prejudice at the heart of the chav caricature, he portrays a far more complex reality. The chav ste.

A major bestseller in the UK and a six-time Best Book of 2014, The Establishment is a sweeping look at how power and money have made British politics hugely undemocratic. Power, money, and undemocratic politics—wait, does that sound familiar? Who wields power in politics? It is a question that's asked all too often—and never really answered. But that's exactly what Owen Jones has done in The Establishment, which has already taken Great Britain by storm. To expose the shadowy and unaccountable network of people who dominate British political life—the people who influence major decisions and reap huge profits in the process—Owen Jones sets out on a journey into the very heart of the elite. From the lobbies of the Houses of Parliament to Rupert Murdoch's newsrooms to the conference rooms of some of the world's biggest banks, Jones systematically explores the revolving doors that link the worlds of politics, media, and finance—and shows how this corrupt and incestuous world came to be. Funny, sharp, and rich with brilliant descriptions of the men and women at the heart of the elite, The Establishment is a joy to read, but its diagnosis is deadly serious: the establishment is the biggest threat to democracy today. And it's time, writes Jones, for it to be challenged.

Fiction. LGBTQIA Studies. YOUTH RAGE! YOUTH VIOLENCE! YOUTH ORGASMS! FEAR OF A GAY UNDERCLASS--ARMED--DANGEROUS--SICK FUCKS. Andy 'Chubz' Wilson is just another NEET on the street, spending his summer days sucking dick and chilling in the park, one hand on his touchscreen, the other down his pants. That is, until he meets charming left-wing journalist and cute crypto-twink Owen whilst trawling grindr for sex. But what starts as a quick, breathless hookup ends up changing Chubz--and London--forever. Whilst Owen battles poppers-mad PM Nigel 'Nige' Farage, our cock-hungry comrade wages his own 'ass' war, and is left wondering: just what exactly is it he's fighting for? Socialism? Barbarism? Or just cheap kicks?

A "razor-sharp" introduction to this political and economic ideology makes a galvanizing argument for modern socialism (Naomi Klein) -- and explains how its core tenets could effect positive change in America and worldwide. In The Socialist Manifesto, Bhaskar Sunkara explores socialism's history since the mid-1800s and presents a realistic vision for its future. With the stunning popularity of Bernie Sanders and Alexandria Ocasio-Cortez, Americans are embracing the class politics of socialism. But what, exactly, is socialism? And what would a socialist system in America look like? The editor of Jacobin magazine, Sunkara shows that socialism, though often seen primarily as an economic system, in fact offers the means to fight all forms of oppression, including racism and sexism. The ultimate goal is not Soviet-style planning, but to win rights to healthcare, education, and housing, and to create new democratic institutions in workplaces and communities. A primer on socialism for the 21st century, this is a book for anyone seeking an end to the vast inequities of our age.

'Hugely enjoyable' AN Wilson, Sunday Times 'Thoughtful, entertaining and enjoyable' Michael Gove, Book of the Week, The Times Inspired by William Makepeace Thackeray, the first great analyst of snobbery, and his trail-blazing The Book of Snobs (1848), D. J. Taylor brings us a field guide to the modern snob. Short of calling someone a racist or a paedophile, one of the worst charges you can lay at anybody's door in the early twenty-first century is to suggest that they happen to be a snob. But what constitutes snobbishness? Who are the snobs and where are they to be found? Are you a snob? Am I? What are the distinguishing marks? Snobbery is, in fact, one of the keys to contemporary British life, as vital to the backstreet family on benefits as the proprietor of the grandest stately home, and an essential element of their view of who of they are and what the world might be thought to owe them. The New Book of Snobs will take a marked interest in language, the vocabulary of snobbery - as exemplified in the 'U' and 'Non U' controversy of the 1950s - being a particular field in which the phenomenon consistently makes its presence felt, and alternate social analysis with sketches of groups and individuals on the Thackerayan principle. Prepare to meet the Political Snob, the City Snob, the Technology Snob, the Property Snob, the Rural Snob, the Literary Snob, the Working-class Snob, the Sporting Snob, the Popular Cultural Snob and the Food Snob.

Lynsey Hanley was born and raised just outside of Birmingham on what was then the largest council estate in Europe, and she has lived for years on an estate in London's East End. Writing with passion, humour and a sense of history, she recounts the rise of social housing a century ago, its adoption as a fundamental right by leaders of the social welfare state in the mid-century and its decline - as both idea and reality - in the 1960s and '70s. Throughout, Hanley focuses on how shifting trends in urban planning and changing government policies - from Homes Fit for Heroes to Le Corbusier's concrete tower blocks, to the Right to Buy - affected those so often left out of the argument over council estates: the millions of people who live on them. What emerges is a vivid mix of memoir and social history, an engaging and illuminating book about a corner of society that the rest of Britain has left in the dark.

Winner of the Political Book of the Year Award 2015 The UK Independence Party (UKIP) is the most significant new party in British politics for a generation. In recent years UKIP and their charismatic leader Nigel Farage have captivated British politics, media and voters. Yet both the party and the roots of its support remain poorly understood. Where has this political revolt come from? Who is supporting them, and why? How are UKIP attempting to win over voters? And how far can their insurgency against the main parties go? Drawing on a wealth of new data - from surveys of UKIP voters to extensive interviews with party insiders - in this book prominent political scientists Robert Ford and Matthew Goodwin put UKIP's revolt under the microscope and show how many conventional wisdoms about the party and the radical right are wrong. Along the way they provide unprecedented insight into this new revolt, and deliver some crucial messages for those with an interest in the state of British politics, the radical right in Europe and political behaviour more generally.

From the No.1 bestselling author of The Establishment, an urgent analysis of where the Left - and Britain - goes next 'An absorbing, nuanced account of the making of electoral disaster' Gaby Hinsliff, Guardian Books of the Year 'A whodunnit political page-turner' Melissa Benn, New Statesman Books of the Year We live in an age of upheaval. The global crisis of Covid-19 has laid bare the deep social and economic inequalities which were the toxic legacy of austerity. These revolutionary times are an opportunity for a radical rethink of Britain as we know it, as the politically impossible suddenly becomes imaginable. And yet, the Left's last attempt to upend the established order and transform millions of lives came to a crashing halt on 12th December 2019, when Jeremy Corbyn led the Labour party to its worst electoral defeat since 1935. In This Land, Owen Jones provides an insider's honest and unflinching appraisal of a movement: how it promised to change everything, why it went so badly wrong, where this failure leaves its values and ideas, and where the Left goes next in the new world we find ourselves in. He takes us on a compelling, page-turning journey through a tumultuous decade in British politics, gaining unprecedented access to key figures across the political spectrum. It is a tale of high hopes and hubris, dysfunction and disillusionment. There is, Jones urges, no future for any progressive project that does not face up to and learn from its errors. We have the opportunity to build a fairer country and a more equal world, but if our time is to come, then we must learn from our past.

The typical contemporary Labour MP is almost certain to be a university-educated Europhile who is more comfortable in the leafy enclaves of north London than the party's historic heartlands. As a result, Labour has become radically out of step with the culture and values of working-class Britain. Drawing on his background as a firefighter and trade unionist from Dagenham, Paul Embury argues that this disconnect has been inevitable since the Left political establishment swallowed a poisonous brew of economic and social liberalism. They have come to despise traditional working-class values of patriotism, family and faith and instead embraced globalisation, rapid demographic change and a toxic, divisive brand of identity politics. Embury contends that the Left can only revive if it speaks once again to the priorities of working-class people by combining socialist economics with the cultural politics of belonging, place and community. No one who wants to really understand why our politics has become so dysfunctional and what the Left can do to fix it can afford to miss this authentic, insightful and passionate book.
