English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Meister Eckhart was a 13th-century mystic, prophet, feminist, declared heretic, and an early advocate of creation-centered spirituality. This tradition affirms humanity ' s potential to act divinely, and it embraces life--living and dying, growing old and sinning, groaning and celebrating--as the creative energy of God in motion. For Eckhart, to be spiritual is to be awake and alive; creation itself was for him the primary sacrament that begins from " the spring of life " or the heart. Eckhart ' s pathway and that of the creation tradition is a simple way. It demands no gurus, no fanciful methods, no protracted exercises or retreats. This is why he called it a " wayless way " that is available to everyone, and why he points out that the person " who has found this way needs no other. "

Rich in intrigue and scheming, love and lust, Sherry Jones ' s vibrant historical novel follows four women destined to sway the fate of nations and the hearts of kings... Amid the lush valleys and fragrant wildflowers of Provence, Marguerite, El é onore, Sanchia, and Beatrice have learned to charm, hunt, dance, and debate under the careful tutelage of their ambitious mother—and to abide by the countess ' s motto: " Family comes first. " With Provence under constant attack, their legacy and safety depend upon powerful alliances. Marguerite ' s illustrious match with the young King Louis IX makes her Queen of France. Soon El é onore—independent and daring—is betrothed to Henry III of England. In turn, shy, devout Sanchia and tempestuous Beatrice wed noblemen who will also make them queens. Yet a crown is no guarantee of protection. Enemies are everywhere, from Marguerite ' s duplicitous mother-in-law to vengeful lovers and land-hungry barons. Then there are the dangers that come from within, as loyalty succumbs to bitter sibling rivalry, and sister is pitted against sister for the prize each believes is rightfully hers—Provence itself. From the treacherous courts of France and England, to the bloody tumult of the Crusades, Sherry Jones traces the extraordinary true story of four fascinating sisters whose passions, conquests, and progeny shaped the course of history.

In a world where thousands are dying over matters of religion, where do you go? What do you believe? Who do you put your own faith in? These questions, so relevant to growing up now, are also questions faced by young people hundreds of years ago as ththey saw their cities and towns destroyed by the Christian Crusades. Based on a true story of a peaceful crusade in 1212 led by children, this book traces the lives of three multifaith characters as they try to find answers to these (unfortunately) persistent questions. Award-winning author Kathleen McDonnell vividly draws a world both dramatically different and remarkably similar to our own. An ideal pick for curriculum links to social studies, history, philosophy and religion.

BONUS: This edition contains an excerpt from Jonathan Kellerman's Victims. Perennial bestseller and acknowledged master of the psychological thriller, Jonathan Kellerman has created a riveting and memorable Alex Delaware novel about a troubled and elusive young woman whose brutal murder forces the brilliant psychologist-detective to confront his own fallibility. Lauren Teague is a beautiful, defiant, borderline-delinquent teenager when her parents bring her to Alex Delaware's office. But for all Alex's skill and effort, Lauren resists—angrily, provocatively. Reluctantly, the psychologist chalks Lauren up as one of the inevitable failures of a challenging profession. But years later, when Alex encounters Lauren as a stag party's featured entertainment, both doctor and patient are stricken with shame. And the ultimate horror takes place when, soon after, Lauren's brutalized corpse is found dumped in an alley. Alex disregards the advice of his trusted friend, LAPD detective Milo Sturgis, and jeopardizes his relationship with longtime lover, Robin Castagna, in order to pursue Lauren's murderer. As he investigates his young patient's troubled past, Alex enters the shadowy worlds of fringe psychological experimentation and the sex industry, and then into mortal danger when lust and big money collide in Southern California. Jonathan Kellerman's L.A. is evil, seductive, and unforgiving, and Flesh and Blood is mind-opening in its drama of a driven man's personal quest, breathtaking in its ingenious plot, filled with unforgettable characters, and topped off by a terrifying climax. This is suspense fiction at its finest.

Of all the epochs of effort after a new life, that of the age of Aquinas, Roger Bacon, St. Francis, St. Louis, Giotto, and Dante is the most purely spiritual, the most really constructive, and indeed the most truly philosophic. ... The whole thirteenth century is crowded with creative forces in philosophy, art, poetry, and statesmanship as rich as those of the humanist Renaissance. And if we are accustomed to look on them as so much more limited and rude it is because we forget how very few and poor were their resources and their instruments. In creative genius Giotto is the peer, if not the superior of Raphael. Dante had all the qualities of his three chief successors and very much more besides. It is a tenable view that in inventive fertility and in imaginative range, those vast composite creations—the Cathedrals of the Thirteenth Century, in all their wealth of architectural statuary, painted glass, enamels, embroideries, and inexhaustible decorative work may be set beside the entire painting of the sixteenth century. Albert and Aquinas, in philosophic range, had no peer until we come down to Descartes, nor was Roger Bacon surpassed in versatile audacity of genius and in true encyclopaedic grasp by any thinker between him and his namesake the Chancellor. In statesmanship and all the qualities of the born leader of men we can only match the great chiefs of the Thirteenth Century by comparing them with the greatest names three or even four centuries later. Now this great century, the last of the true Middle Ages, which as it drew to its own end gave birth to Modern Society, has a special character of its own, a character that gives it an abiding and enchanting interest. We find in it a harmony of power, a universality of endowment, a glow, an aspiring ambition and confidence such as we never find in later centuries, at least so generally and so permanently diffused. ... The Thirteenth Century was an era of no special character. It was in nothing one-sided and in nothing discordant. It had great thinkers, great rulers, great teachers, great poets, great artists, great moralists, and great workmen. It could not be called the material age, the devotional age, the political age, or the poetic age in any special degree. It was equally poetic, political, industrial, artistic, practical, intellectual, and devotional. And these qualities acted in harmony on a uniform conception of life with a real symmetry of purpose.
